

Petros Kalogeropoulos

Consultant Nephrologist

Experience

6/2013-2/2014

Medical Doctor • Emergency Department • 216 KIXNE Alexandroupolis

8/2014-1/2017

Registrar in Internal Medicine • Department of Internal Medicine • Panarcadian General Hospital of Tripolis

2/2017-2/2021

Registrar in Nephrology • Department of Nephrology and Renal Transplantation • Laiko General Hospital

During the specialty I was trained in all fields of nephrology (clinical nephrology, glomerular diseases, hemodialysis, peritoneal dialysis, transplantation, chronic kidney disease, polycystic disease, natural kidney and kidney graft biopsies, assessing urine sediment and performing renal ultrasound imaging. I also actively participated in the on-call hours of the department as well as in the educational and research activities.

6/2021-Today

Consultant Nephrologist • Private Dialysis Unit "Polyxenia-Renal", Athens, Greece

Education

- **Residency of Nephrology, 6/2021**
- **Renal Biopsy Course, 4/2019**
Royal Preston Hospital (Preston, UK)
- **Advanced Life Support (ALS) Instructor potential-ERC Qualification, 5/2018**
EEKAA (Athens, Greece)
- **Doctor of Medicine (M.D.), 2/2013**
Democritus University of Thrace (Alexandroupolis, Greece)
- **High School Graduation Certificate, 6/2006**
2° High School of Argos
- **Languages:** Greek, English, French

Participation in Greek Conferences

1. **Patients in Chronic Dialysis Without Systematic Nephrology**

Monitoring, One Chronic and Growing Problem *G. Spanos, C. Skalioti, K. Vallianou, C. Melexopoulou, P. Kalogeropoulos, M. Korogiannou, I.N. Laiko Hospital, National & Kapodistrian University of Athens, Faculty of Medicine, Nephrology Department & Transplantation Unit, Athens, Greece, Poster, 20th Hellenic Nephrology Conference 2018*

2. **Pauci-Immune Glomerulonephritis With Severe Decreased Renal Function At Diagnosis: Response to Treatment and Outcome** *Sophia Lionaki¹, Smaragdi Marinaki¹, Petros Kalogeropoulos¹, George Liapis², Harikleia Gakiopoulou², Athanasios Tzioufas³, Ioannis Boletis¹* **1 Laiko Hospital, National & Kapodistrian University of Athens, Faculty of Medicine,, Nephrology Department & Transplantation Unit, Athens, Greece, 2 Laiko Hospital, National & Kapodistrian University of Athens, Faculty of Medicine, Greece, Pathology Department, Athens, Greece and 3 National & Kapodistrian University of Athens, Faculty of Medicine, Greece, Department of Pathophysiology, Athens, Greece, Free Communication, 21st Hellenic Nephrology Conference 2019**
3. **A Comparative Study Of The Clinical Image And Outcome Of Patients With Pauci-Immune Vasculitis With Or Without A Previous History Of Autoimmune Disease** *Sophia Lionaki¹, Smaragdi Marinaki¹, Sofia Fragkioudaki¹, Emmanuel Kalaitzakis¹, Petros Kalogeropoulos¹, Georgios Liapis², Athanasios Tzioufas³, Ioannis Boletis¹* **1 Nephrology, Laiko Hospital, Athens, Greece; 2 Pathology, Laiko Hospital, Athens, Greece; 3 Pathophysiology department, Laiko Hospital, Athens, Greece, Free Communication, 22nd Hellenic Nephrology Conference 2021**
4. **The Role of Antibodies Against Angiotensin II Type 1 Receptor In Renal Graft Rejection** *V. Filiopoulos¹, AG. Vittoraki², K. Vallianou¹, P. Kalogeropoulos¹, P. Markaki², G. Liapis³, A. Iniotaki^{1,2}, I.N. Boletis¹* **1Department of Nephrology &Transplantation Unit, Laiko Hospital, National and Kapodistrian University of Athens, Faculty of Medicine, Athens, Greece 2 National Tissue Typing Center, General Hospital of Athens "G.Gennimatas", Athens, Greece 3 Pathophysiology department, Laiko Hospital, Athens, Greece, Free Communication, 22nd Hellenic Nephrology Conference 2021**
5. **Low C3 Complement Levels In Patients With Pauci-Immune Glomerulonephritis Are Associated With More Severe Renal Function At Diagnosis And Poor** *Sophia Lionaki¹, Smaragdi Marinaki¹, Emmanuel Kalaitzakis¹, Sofia Fragkioudaki¹, Petros Kalogeropoulos¹, Georgios Liapis², Athanasios Tzioufas³, Ioannis Boletis¹* **1 Nephrology, Laiko Hospital, Athens, Greece; 2 Pathology, Laiko Hospital, Athens, Greece; 3 Pathophysiology department, Laiko Hospital, Athens, Greece, Free Communication, 22nd Hellenic Nephrology Conference 2021**
6. **6. Rejection After Reduction of Immunosuppression in Kidney Transplant Recipients With Solid Tumors** *C.N. Skalioti¹, M. Darema, C. Melexopoulou, K. Vallianou, P. Kalogeropoulos, I. Gavalas, E. Mantios, S. Marinaki, I.N. Boletis* **Laiko Hospital, National & Kapodistrian University of Athens, Faculty of Medicine,, Nephrology Department & Transplantation Unit, Athens, Greece, ePoster, 22nd Hellenic Nephrology Conference 2021**
7. **Comparative Study of the Long-Term Outcome of Kidney Transplantation between Patients with Glomerular Diseases and Patients with Other Primary Diseases** *S. Lionaki¹, I. Gavalas¹, P. Kalogeropoulos¹, I. Tsoumpou¹, S. Marinaki¹, C. Skalioti¹, G. Liapis³, I. Bokos², I.N. Boletis¹* **(1) Department of Nephrology &Transplantation Unit, Laiko Hospital, National and Kapodistrian University of Athens, Faculty of Medicine, Athens, Greece, (2) Transplantation Unit, Laiko Hospital, Athens, Greece, (3) Department of Pathology, National and Kapodistrian University of Athens, Faculty of Medicine, Athens, Greece, ePoster, 22nd Hellenic Nephrology Conference 2021**
8. **Kidney Involvement In Rheumatic Diseases Based On Selected Cases. Biopsy Indications, Histological Examination and Patient Management,** *Lecture, 26th Hellenic Rheumatology Conference*

2018

9. **Predictors Of Treatment Response and Long-term Outcome In Patients With Pauci-Immune Glomerulonephritis and Severe Renal Dysfunction at Diagnosis** *Sophia Lionaki¹, Smaragdi Marinaki¹, Petros Kalogeropoulos¹, George Liapis², Harikleia Gakiopoulou², Helen Kapsia¹, Athanasios Tzioufas³, Ioannis Boletis¹* *1 Laiko Hospital, National & Kapodistrian University of Athens, Faculty of Medicine,, Nephrology Department & Transplantation Unit, Athens, Greece, 2 Laiko Hospital, National & Kapodistrian University of Athens, Faculty of Medicine, Greece, Pathology Department, Athens, Greece and 3 National & Kapodistrian University of Athens, Faculty of Medicine, Greece, Department of Pathophysiology, Athens, Greece, Lecture, 5th Two-day Conference on Theme: Vasculitis 2019*
10. **Low C3 Complement Levels In Patients With Pauci-Immune Glomerulonephritis Are Associated With More Severe Renal Function At Diagnosis And Poor** *Sophia Lionaki, 1 Smaragdi Marinaki,1 Emmanuel Kalaitzakis,1 Sofia Fragkioudaki, ,1 Petros Kalogeropoulos,1 Georgios Liapis,2 Athanasios Tzioufas,3 Ioannis Boletis.1 1 Nephrology, Laiko Hospital, Athens, Greece; 2 Pathology, Laiko Hospital, Athens, Greece; 3 Pathophysiology department, Laiko Hospital, Athens, Greece, Lecture, 6th Two-day Conference on Theme: Vasculitis 2020*

Participation in International Conferences

1. **Predictors Of Treatment Response and Long-term Outcome In Patients With Pauci-Immune Glomerulonephritis and Severe Renal Dysfunction at Diagnosis** *Sophia Lionaki¹, Smaragdi Marinaki¹, Petros Kalogeropoulos¹, George Liapis², Harikleia Gakiopoulou², Helen Kapsia¹, Athanasios Tzioufas³, Ioannis Boletis¹* *1 Laiko Hospital, National & Kapodistrian University of Athens, Faculty of Medicine,, Nephrology Department & Transplantation Unit, Athens, Greece, 2 Laiko Hospital, National & Kapodistrian University of Athens, Faculty of Medicine, Greece, Pathology Department, Athens, Greece and 3 National & Kapodistrian University of Athens, Faculty of Medicine, Greece, Department of Pathophysiology, Athens, Greece, ePoster, 57th ERA-EDTA, Virtual Condress 2020*
2. **Kidney Transplantation Outcomes In Patients With IgA Nephropathy In The Modern Era Of Immunosuppression: A Case Control Study** *Sophia Lionaki¹, MD, Petros Kalogeropoulos¹, MD, Ilias Makropoulos¹, MD, Konstantinos Panagotellis¹, MD, George Vlachopoulos¹, MD, Ioannis Gavalas¹, MD, Smaragdi Marinaki¹, MD, George Liapis³, MD, Ioannis Bokos², MD, Ioannis Boletis¹*, MD (1) Department of Nephrology & Transplantation Unit, Laiko Hospital, National and Kapodistrian University of Athens, Faculty of Medicine, Athens, Greece, (2) Transplantation Unit, Laiko Hospital, Athens, Greece, (3) Department of Pathology, National and Kapodistrian University of Athens, Faculty of Medicine, Athens, Greece, ePoster, 57th ERA-EDTA, Virtual Condress 2020
3. **Clinical Features and Treatment Outcomes of Patients with Pauci-immune Vasculitis with and Without a Medical History of Autoimmune Disease** *Sophia Lionaki, 1 Smaragdi Marinaki,1 Sofia Fragkioudaki,1 Emmanuel Kalaitzakis,1 Petros Kalogeropoulos,1 Georgios Liapis,2 Athanasios Tzioufas,3 Ioannis Boletis.1 1 Nephrology, Laiko Hospital, Athens, Greece; 2 Pathology, Laiko Hospital, Athens, Greece; 3 Pathophysiology department, Laiko Hospital, Athens, Greece, ePoster, ASN Kidney Week 2020*
4. **Low Serum C3 at Diagnosis of Pauci-Immune Glomerulonephritis Is Associated with More Advanced Kidney Impairment and Worst Renal Prognosis** *Sophia Lionaki, 1 Smaragdi Marinaki,1 Emmanuel Kalaitzakis,1 Sofia Fragkioudaki,1 Petros Kalogeropoulos,1 Georgios Liapis,2 Athanasios Tzioufas,3 Ioannis Boletis.1 1 Nephrology, Laiko Hospital, Athens, Greece; 2 Pathology, Laiko Hospital, Athens, Greece; 3 Pathophysiology, Laiko Hospital, Athens, Greece, ePoster ASN Kidney Week 2020*
5. **Pauci-Immune Glomerulonephritis (PIGN) with Low Clearance at Clinical Presentation: Predictors of Treatment Response and**

Long-Term Outcomes *Sophia Lionaki, Smaragdi Marinaki, Petros Kalođeropoulos,
Georgios Liapis, Helen Kapsia, Harikleia Gakiopoulou, Athanasios Tzioufas, John N. Boletis.*
*Laiko Hospital, Athens, Greece, **Poster, ASN Kidney Week 2019***
